"PARISIAN APARTMENT"

Tensira's each collection
has its own personal mark,
Their story to tell.
This Spring-Summer 2017
collection is dedicated to
Parisian lifestyle, elegance,
simplicity and timelessness.

In this collection we introduce you new patters in tie&dyes such as T.211, I.217, I.218 a vichy K.101 and stripes in gray, blue and red-black.

Tensira's fabrics are 100% cotton, hand-spun, hand-woven and hand-dyed with traditional looms in our workshops in West Africa.
Tensira's indigos are dyed with vegetal indigo.
All our colors are developed in the workshop with our team specialized in dyeing.
The tie and dye is a method where each point is attached and detached separately one by one, a centuries-old know-how of West African craftsmen.

Our best-selling range of mattress, bedrolls and duvets are filled with natural Kapok.

On behalf of all Tensira's team,
we invite you to discover
our new collection at :
